

Paving Specifications Domestic & Commercial

This paving is to be specified where heavy vehicle loadings are expected.
 The paving is suitable for Domestic & Commercial areas.
 For specific vehicles weight ratings, a civil engineer should be consulted.

Materials Included

- 

GEOTEXTILE FABRIC
 Geotextile layer to prevent upward movement of sub grade.
 Sub-surface drainage to collect/disperse water from paving.
- 

EDGE RESTRAINT
 Galvanised steel edging to all exposed areas.
